SCJPHISH

JellePhish Mood Lamp

Min. Qty. Per Order (2)
Size, 9" x 11.5"

List Price: \$175.00

JellePhish Design would like to welcome you to your JellePhish Mood Lamp experience. Utilizing processor controlled digital LED technology combined with contemporary design and materials: the JellePhish Mood Lamp provides a stunning display even when switched off. To set the mood for any occasion, or to liven up a party, or to simply add some atmosphere to your home space, the JellePhish Mood Lamp will stimulate, captivate and relax.

The JellePhish Mood Lamp can be free standing using the supplied acrylic base, or the dome can be individually mounted flush against a wall. This is just one of the features that really sets the mood Lamp apart

At the touch of a button, the Jellephish remote control allows you to choose the colors and visual effects created by the JellePhish Mood Lamp. The RGB LED technology creates an almost infinite palette of colors to satisfy your every mood.

Ideal for suites and club lounges the JellePhish is sure to stimulate, captivate and relax.

Remote controlled.

Features Static /Scrolling / Sound to Light / Pearlescent Modes.
